**“This is one of those rare books that one only realizes, after it gets written, how desperately needed it was. At a time when self-help books for the ‘boomers’ are both endemic and anemic, this one is a trumpet blast of authenticity, courage, and useable erudition.”**

—RONALD GROSS, author of *The Lifelong Learner and Socrates’ Way*; Chairman, Columbia University Seminar on Innovation

**“A wonderful intellectual journey through the author’s own lived experiences as well as some timeless scholarly works on the mysteries of human existence. . . . This book will appeal to adults of all ages who are seeking a mature existence in an otherwise superficial world.”**

—JAMES CÔTÉ, author of *Arrested Adulthood: The Changing Nature of Maturity and Identity*

**“An exquisitely thoughtful book, always provocative, wise beyond words. Mr. Hayes has a lovely spirit and strong insights into the springs of personal power. My highest recommendation.”**

—JOHN TAYLOR GATTO, former New York Teacher of the Year; author of *The Underground History of American Education*

**“I read Charles Hayes’ *The Rapture of Maturity* with great pleasure. His is a voice of experienced wisdom, grappling artfully with the ‘existential’ questions we all grapple with, well or poorly. His answers, his appreciation of the role of Emersonian ecstasy in education, and his reflections on things that matter are well worth your consideration.”**

*Will future generations be better off because of you?*

Hayes reminds us that as long as we are alive these are open questions.
